

## Family Paws Foundation Course

### Course Outline

#### Instructors

Jennifer Shryock, B.A., CDDB

Bethany Cunningham, B.S., CPDT

#### Phone

919 961.1608

#### Email

[jen@familypaws.com](mailto:jen@familypaws.com)

#### Location

Online Zoom Meeting

All classes are recorded to help accommodate time zones.

This course will prepare all Family Paws Parent Educators to best utilize the FPPE materials in their community. This course will allow all attendees to become familiar with FPPE youtube resources, handouts, PowerPoints, marketing and ongoing support. This is a required course for all Family Paws Parent Educators.

#### Technical requirements

Google Drive access

Facebook group participation

Zoom access

#### Course Materials

PowerPoints

Handouts

Videos (provided)

#### General course outline

Weeks 1- 6 will focus on the Dogs & Storks® program content, marketing, presenting to group, pregnancy related topics and family dynamics.

Weeks 7-12 will focus on the content of the Dogs & Toddlers program. Attendees will gain resources to learn more about stages in child development and the content will focus on how to best utilize each slide and aspect of the program for success.

Week 13 is wrap up.

#### Assignments

Each week there will be several required assignments in the files section of our FPPE course Facebook page. Assignments and discussion questions will provide additional learning opportunities throughout the duration of the course. We encourage participation in all of the group assignments to gain the most benefits and to build your FPPE network.

There is one written final assignment that all attendees are required to submit in order to pass the course. This final assignment helps us know how well we communicated the content and also offers you an opportunity to apply new knowledge.
