

Family Paws Foundation Course

Course Overview

Welcome to Family Paws Parent Education 13 week foundations course.

Instructor

Jennifer Shryock, B.A.
CDBC

This course will prepare all Family Paws Parent Educators to best utilize FPPE materials in their community. This course will allow all attendees to become familiar with FPPE youtube resources, handouts, PowerPoints, marketing and ongoing support. This is a required course for all Family Paws Parent Educators.

Email

jen@familypaws.com

Facebook group participation

Course Materials

- PowerPoints
- Handouts
- Videos (provided)

Location

Online FuzeMeeting

Sundays 9pm ET

All classes are recorded to help accommodate time zones.

General course outline

Week 1-6

Weeks 1-6 will focus on the Dogs & Storks® program content, marketing, presenting to group, pregnancy related topics and family dynamics.

Week 7-12

We will jump into the content of the Dogs & Toddlers program. Attendees will gain resources to learn more about stages in child development and the content will focus on how to best utilize each slide and aspect of the program for success.

Week 13 is wrap up

Assignments:

Each week there will be assignments in the files section of our FPPE course Facebook page. We encourage participation in all of the group assignments to gain the most benefits and to build your FPPE network.

There is one written final assignment that all attendees have one week to turn in for review. This final assignment helps me know how well I communicated the content and also offers you an opportunity to apply new knowledge.

Course Schedule

Week	Subject	Practice Problems
1-6	Dogs & Storks®	Provided on FPPE Course FB files
7-12	Dogs & Toddlers	
13	Review and questions	
Final	Written Final review	One week deadline
